

MARRIAGE ENRICHMENT

A Resource for Healthy Marriages

In a time when marriage is under attack at an all-time high, we as the church must not only teach what great marriages look like, but we must example what great marriages look like. There are so many resources out there on marriage and yet so many people just don't know where to look. We decided to reach out to a few professional counselors and ask, "What are the top 10 resources you most often recommend?". We compiled this list with the local church in mind. Take some time to look through these books, podcasts, and resources that will equip you with the tools you need to help create healthy marriages. This list is obviously just a starting point. If you have other resources and tools that can be of help to other churches, please feel free to share those with our team at cmd@rmdc.org. As always, we are here to Equip, Train, and RESOURCE the ministries of the local church.
